Carrollton (Ill.) Journal: Miss Nelke has that rarer power of losing herself in her characterizations. She is a finished artist. Her superior has never been heard on our local platform. Miss Nelke will give a recital at the Kilohana Art League, Monday evening, Aug. 24. Admission 50 cents.

## GRAND TIME FOR FLEET

FIVE LODGES OF ODD FELLOWS COMBINE TO GIVE A GRAND ENTERTAINMENT.

The five local lodges of the Odd Fellows of Honolulu are preparing for a grand entertainment for the Odd Fellows who will be on board the Pacific fleet, which is due to arrive in this city in about ten days. The following joint committee from all the local lodges has charge of the matter and Saturday evening, September 5, has been chosen for the date: E. H. Hendry, Past Grand, chairman; C. A. Simpson, Past Grand, secretary; C. T. Rodgers, F. D. Wicke, C. A. Bidding, G. W. Paty, M. W. Tachudi, L. W. Branch, W. Gehring, Mrs. Wicke, Mrs. Bidding, Miss Annie Macaulay, Mrs. Simonton, Mrs. Williams and Mrs. Annie Gribble.

The entire Odd Fellows building, with the exception of the street floor, will be used for the occasion. On the second floor there will be games for the children which will be looked after by the ladies on the committee. The ladies will also have charge of the third floor, where the hall will be used for cards and where the refreshments will also be served. The fourth floor where the roof garden is, will be used for dancing and the floor has just been newly oiled and placed in the finest of condition for the tripping of the light fantastic. One of the best quintets in the city will furnish music and all the Odd Fellows in the fleet, who care to dance will be able to find partners among the local ladies who will be present. This part of the work will be under the direct supervision of C. A. Simpson.

A meeting of the joint committee from the five lodges was held last night at which the details were talked over and it was decided to make the occasion one which will be long remembered by both the local Odd Fellows and the members of the order who are on the Pacific fleet. The members of the committee are now hard at work perfecting their plans. A special effort will be made to entertain the children of the Odd Fellows. This is for two reasons. First for the children themselves and then also for the sailors, who like a chance to see the little ones, whom they come in contact with so seldom, enjoying a good time.

## CLAIMANT WRITES

Governor Frear has received a letter from H. W. Mathews, of Orange, New Jersey, applying for the sum of \$176.25, which was deposited in the old Postal Savings Bank by his son years ago and which is now available through an act of Congress passed at the last session. The son is now dead, leaving his father as the only heir.

This is the largest of all the amounts which are awaiting owners and those interested should hurry. The act of Congress provides that the claims shall be payable up to May, 1910, after which date the money remaining shall go to the Territory and shall be used toward the payment of the public debt.

## NEW PROMOTION COMMITTEEMEN

Willard E. Brown and William A. Bowen will represent the Chamber of Commerce on the Hawaii Promotion Committee the ensuing year, having been appointed by Jas. F. Morgan, president of the Chamber, today. Mr. Brown has been a member for the past year. As previously reported the appointees of the Merchants' Association, by President George W. Smith, are George F. Bush and Richard H. Trent.

These four members meet at 3:30 this afternoon to elect the fifth man on the committee. It will probably be James L. McLean, re-elected.

## LAHAINA'S WATER

The building of a new flume for Lahaina, which has been under construction by the Department of Public Works for some little time, has been finished and the Maui airport is now getting a good supply of pure clean water. The water comes from far up the gulch behind the Lahainaluna School.

minary and is the best that can be found, not being dirtied by passing through taro patches, as was the case before.

Lahaina can now use about 350,000 gallons of water per day, which is hardly enough, for if the four inch main which brings the water into the town was increased in size it would mean a much better supply. This is one of the matters which Superintendent Campbell will pass up to the Legislature with a request for an appropriation.

## CHANGE OF PARCELS

POST WITH GERMANY  
German residents and all having friends in Germany will be pleased to read the following official notice:  
Office of the Postmaster General,  
Washington, D. C., July 31, 1908.  
Order No. 1587 1-2.

1. The Postmaster General's Orders No. 529, dated June 12, 1908, reducing the weight of a Parcel-Post package for Germany to 2 kilograms, and No. 1122, dated October 6, 1904, restricting the value of a parcel to \$50, are hereby rescinded.

2. On and after August 1, 1908, Parcel-Post packages for and from Germany may weight not to exceed 5 kilograms or 11 pounds, without regard to the value of the contents.

G. V. L. MEYER,  
Postmaster General.

## WHITES IN FIRST

In the long race of the ships Atlas, Edward Sewall and Astral from these islands to Delaware Breakwater with sugar cargoes, in which the Atlas won, 109 days, the victory may be accredited to some extent, perhaps, to the fact that the Atlas was manned by a crew of white men.

The crew of the Edward Sewall, which was beaten several days by the Atlas, was made up of both white men and Japanese, while the crew of the Astral which has not yet been reported was entirely Japanese.

The triumph of the Atlas, of course was due largely to the fact that she had just come off the drydock and was when she left this Territory, as clean as a pin.

## PEARL HARBOR PREPARATIONS

There is no time being lost in preparing for the work at Pearl Harbor and when the time comes for the actual work to commence all the necessary figures will be ready for those who come to take charge of the operations. The local Naval Station officials have of late been making full inquiries into the transportation facilities which can be offered between this city and Pearl Harbor.

It will be a question which will require a good deal of study to find whether the material from this city which will be needed for the work can be transported better and also more cheaply by water or by railroad. The Oahu Railway and Land Company has been asked for figures and estimates are also being prepared of the expense of transporting freight from Honolulu by means of barges, which will be towed by tugs.

## THE SCHNACK BOYS

Adolph Schnack will leave in the Alameda on Wednesday to complete his general and engineering courses at Stanford University. Ferdinand Schnack, who completed his law course at Stanford this year, will leave in the Lurline the first of October, to finish in law at the University of Chicago. They are sons of J. H. Schnack of Honolulu.

## EXTRA BAGGAGE RULE CHANGED

After a somewhat costly experience Dr. M. E. Grossman wishes to give a caution to travelers hence who are going to make rail journeys on the mainland and return to these islands. Formerly travelers bound for Hawaii were allowed on railway lines an excess of 350 pounds of free baggage. Now it is supposed from some ruling of the Interstate Commerce Commission, this privilege can be obtained only on the showing of return tickets from these islands. At all events Dr. Grossman, on coming home from the Shriner's Conclave at Minneapolis, found his allowance of excess baggage limited to 150 pounds. It cost him over \$32 to acquire the knowledge qualifying him to warn his fellow citizens of Hawaii. Through return railroad tickets to all points can be obtained at the steamship agencies here for the same rates as in San Francisco.

The papers report a "newly discovered chestnut blight." Alas, poor Hobson!—New York Evening Post.
